Agreement Instructions

As a Non pay-to provider, you are providing health care services to individuals. We require your enrollment in the Minnesota Health Care Programs (MHCP) so that you are represented on the claim as the person who provided the services. Knowing that a qualified individual provided the service ensures the safety of the people that the Minnesota Department of Human Services serves. It also allows the Department to perform auditing and tracking of services which protects against double-billing and other types of fraud. Before enrollment is approved, MHCP must make certain that:

1. There is no legal or other reason why you shouldn't provide these services,
2. You understand what is necessary to properly provide these services, and
3. You understand the need to protect the privacy of the people you care for.

To help ensure that each of these conditions is met, MHCP requires that you agree to the terms in the attached Provider Agreement. In general, this agreement requires that you:

- A. Provide documents to your employer about the services you provide.
- B. Provide documents to MHCP or other state and federal agencies related to the services you provide, when requested.
- C. Comply with federal and state laws about the services you provide.
- D. Accept payment made to your employer as payment in full for the services you provide. You cannot ask for nor accept additional payment from the client.
- E. Disclose any criminal convictions you have related to Medicare, Medicaid, or title XX services.
- F. Not discriminate against individuals because of their race, color, national origin, sex, age, religion or disability when you provide these services.
- G. Provide the same quality of service to persons receiving public assistance as those who don't receive such assistance.
- H. If you are enrolled to provide and bill for other services, you must continue to follow the requirements of the agreement you signed when you enrolled for those services. The terms of that agreement are different than the terms in the attached agreement.
- I. Comply with federal requirements about advance directives. An advance directive is written instruction, such as a living will, to give a patient control over medical treatment decisions.
- J. Properly protect private information about the people to whom you provide services, especially their health information.
- K. Don't disclose the private information of someone for whom you provide services, unless it is needed for your work. This includes not discussing someone's private information unless your job requires it. Also, ensure that the information could not be accessed by someone who does not have permission to see it. This includes not leaving paperwork out where others can see it, and not sending private information over the internet.
- L. Understand that this agreement may be canceled if you violate its terms. If this agreement is canceled, you must properly dispose of any private information you have about the people you serve so that it is not discovered by someone who does not have permission to see it.
- M. Understand that by signing this agreement, you are agreeing to protect any private information you come in contact with in your job. When you protect private information, you are complying with federal and state laws, and you help the Department comply with these laws, as well.

This is a basic description of the terms of this agreement. By signing this agreement, you are agreeing to be legally bound by all of its terms. If you have questions about it, you should get answers to them before signing this agreement. If you need or want legal advice, you should contact your own attorney.
