HIPAA PORTABILITY NOTICE

Our records show that you are eligible to participate in the company's Group Health Plan (to actually participate, you must complete an enrollment form and pay your share of the premium). A federal law called HIPAA requires that we notify you about some important provisions in the plan.

Special enrollment rights

If you are declining enrollment for yourself or your dependents (including your spouse) because of other health insurance or group health plan coverage, you may be able to enroll yourself and your dependents in this plan if you or your dependents lose eligibility for that other coverage (or if the employer stops contributing towards your or your dependents' other coverage). However, you must request enrollment within **30 days** after your or your dependents' other coverage ends (or after the employer stops contributing toward the other coverage).

In addition, if you have a new dependent as a result of marriage, birth, adoption, or placement for adoption, you may be able to enroll yourself and your dependents. However, you must request enrollment within **30 days** after the marriage, birth, adoption, or placement for adoption.

If you are declining enrollment because you and/or your dependents are covered under a Medicaid plan or state Child Health Plan (CHIP) and that coverage is terminated due to a loss of eligibility, you may be able to enroll yourself and your dependents in this plan. However, you must request enrollment within **60 days** after the date that termination of such coverage occurred and meet certain other important conditions described in the Summary Plan Description.

If you and/or your dependents are determined to be eligible under a state's Medicaid plan or state Child Health Plan (CHIP) for premium subsidy assistance, you may be able to enroll yourself and your dependents in this plan. However, you must request enrollment within 60 days of the determination of eligibility for premium subsidy assistance for you or your dependents and meet certain other important conditions as described in the respective Summary Plan Description.

To request special enrollment or obtain more information, contact Vicki Dalle Molle, Executive Director, at 507-285-1815.

CONTINUATION COVERAGE RIGHTS UNDER COBRA

Introduction

You're getting this notice because you recently gained coverage under a group health plan with Southeastern Minnesota Center for Independent Living, Inc. This notice has important information about your right to COBRA continuation coverage, which is a temporary extension of coverage under the Plan. **This notice explains COBRA continuation coverage, when it may become available to you and your family, and what you need to do to protect your right to get it.** When you become eligible for COBRA, you may also become eligible for other coverage options that may cost less than COBRA continuation coverage.

The right to COBRA continuation coverage was created by a federal law, the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA). COBRA continuation coverage can become available to you and other members of your family when group health coverage would otherwise end. For more information about your rights and obligations under the Plan and under federal law, you should review the Plan's Summary Plan Description or contact the Plan Administrator.

You may have other options available to you when you lose group health coverage. For example, you may be eligible to buy an individual plan through the Health Insurance Marketplace. By enrolling in coverage through the Marketplace, you may qualify for lower costs on your monthly premiums and lower out-of-pocket costs. Additionally, you may qualify for a 30-day special enrollment period for another group health plan for which you are eligible (such as a spouse's plan), even if that plan generally doesn't accept late enrollees.

What is COBRA continuation coverage?

COBRA continuation coverage is a continuation of Plan coverage when it would otherwise end because of a life event. This is also called a "qualifying event." Specific qualifying events are listed later in this notice. After a qualifying event, COBRA continuation coverage must be offered to each person who is a "qualified beneficiary." You, your spouse, and your dependent children could become qualified beneficiaries if coverage under the Plan is lost because of the qualifying event. Under the Plan, qualified beneficiaries who elect COBRA continuation coverage must pay for COBRA continuation coverage.

If you're an employee, you'll become a qualified beneficiary if you lose your coverage under the Plan because of the following qualifying events:

- Your hours of employment are reduced, or
- Your employment ends for any reason other than your gross misconduct.

If you're the spouse of an employee, you'll become a qualified beneficiary if you lose your coverage under the Plan because of the following qualifying events:

- Your spouse dies;
- Your spouse's hours of employment are reduced;
- Your spouse's employment ends for any reason other than his or her gross misconduct;
- Your spouse becomes entitled to Medicare benefits (under Part A, Part B, or both); or
- You become divorced or legally separated from your spouse.

Your dependent children will become qualified beneficiaries if they lose coverage under the Plan because of the following qualifying events:

- The parent-employee dies;
- The parent-employee's hours of employment are reduced;
- The parent-employee's employment ends for any reason other than his or her gross misconduct;
- The parent-employee becomes entitled to Medicare benefits (Part A, Part B, or both);
- The parents become divorced or legally separated; or
- The child stops being eligible for coverage under the Plan as a "dependent child."

When is COBRA continuation coverage available?

The Plan will offer COBRA continuation coverage to qualified beneficiaries only after the Plan Administrator has been notified that a qualifying event has occurred. The employer must notify the Plan Administrator of the following qualifying events:

- The end of employment or reduction of hours of employment;
- Death of the employee;
- The employee's becoming entitled to Medicare benefits (under Part A, Part B, or both).

For all other qualifying events (divorce or legal separation of the employee and spouse or a dependent child's losing eligibility for coverage as a dependent child), you must notify the Plan Administrator within 60 days after the qualifying event occurs. You must provide this notice to: Southeastern Minnesota Center for Independent Living, Inc.

How is COBRA continuation coverage provided?

Once the Plan Administrator receives notice that a qualifying event has occurred, COBRA continuation coverage will be offered to each of the qualified beneficiaries. Each qualified beneficiary will have an independent right to elect COBRA continuation coverage. Covered employees may elect COBRA continuation coverage on behalf of their spouses, and parents may elect COBRA continuation coverage on behalf of their children.

COBRA continuation coverage is a temporary continuation of coverage that generally lasts for 18 months due to employment termination or reduction of hours of work. Certain qualifying events, or a second qualifying event during the initial period of coverage, may permit a beneficiary to receive a maximum of 36 months of coverage.

There are also ways in which this 18-month period of COBRA continuation coverage can be extended:

Disability extension of 18-month period of COBRA continuation coverage

If you or anyone in your family covered under the Plan is determined by Social Security to be disabled and you notify the Plan Administrator in a timely fashion, you and your entire family may be entitled to get up to an additional 11 months of COBRA continuation coverage, for a maximum of 29 months. The disability would have to have started at some time before the 60th day of COBRA continuation coverage and must last at least until the end of the 18-month period of COBRA continuation coverage. This must be communicated to Southeastern Minnesota Center for Independent Living, Inc. within those periods for any possible additional paperwork.

Second qualifying event extension of 18-month period of continuation coverage

If your family experiences another qualifying event during the 18 months of COBRA continuation coverage, the spouse and dependent children in your family can get up to 18 additional months of COBRA continuation coverage, for a maximum of 36 months, if the Plan is properly notified about the second qualifying event. This extension may be available to the spouse and any dependent children getting COBRA continuation coverage if the employee or former employee dies; becomes entitled to Medicare benefits (under Part A, Part B, or both); gets divorced or legally separated; or if the dependent child stops being eligible under the Plan as a dependent child. This extension is only available if the second qualifying event would have caused the spouse or dependent child to lose coverage under the Plan had the first qualifying event not occurred.

Are there other coverage options besides COBRA continuation coverage?

Yes. Instead of enrolling in COBRA continuation coverage, there may be other coverage options for you and your family through the Health Insurance Marketplace, Medicaid, or other group health plan coverage options (such as a spouse's plan) through what is called a "special enrollment period." Some of these options may cost less than COBRA continuation coverage. You can learn more about many of these options at www.healthcare.gov.

If you have questions

Questions concerning your Plan or your COBRA continuation coverage rights should be addressed to the contact or contacts identified below. For more information about your rights under the Employee Retirement Income Security Act (ERISA), including COBRA, the Patient Protection and Affordable Care Act, and other laws affecting group health plans, contact the nearest Regional or District Office of the U.S. Department of Labor's Employee Benefits Security Administration (EBSA) in your area or visit www.dol.gov/ebsa (addresses and phone numbers of Regional and District EBSA Offices are available through EBSA's website). Keep your plan informed of address changes

To protect your family's rights, let the Plan Administrator know about any changes in the addresses of family members. You should also keep a copy, for your records, of any notices you send to the Plan Administrator.

NEW HEALTH INSURANCE MARKETPLACE COVERAGE OPTIONS AND YOUR HEALTH COVERAGE

PART A: General information

When key parts of the health care law take effect in 2014, there will be a new way to buy health insurance: the Health Insurance Marketplace. To assist you as you evaluate options for you and your family, this notice provides some basic information about the new Marketplace and employment-based health coverage offered by your employer.

What is the Health Insurance Marketplace?

The Marketplace is designed to help you find health insurance that meets your needs and fits your budget. The Marketplace offers "one-stop shopping" to find and compare private health insurance options. You may also be eligible for a new kind of tax credit that lowers your monthly premium right away. Open enrollment for health insurance coverage through the Marketplace begins in October 2016 for coverage starting as early as January 1, 2017.

Can I save money on my health insurance premiums in the Marketplace?

You may qualify to save money and lower your monthly premium, but only if your employer does not offer coverage, or offers coverage that doesn't meet certain standards. The savings on your premium that you're eligible for depends on your household income.

Does employer health coverage affect eligibility for premium savings through the Marketplace?

Yes. If you have an offer of health coverage from your employer that meets certain standards, you will not be eligible for a tax credit through the Marketplace and may wish to enroll in your employer's health plan. However, you may be eligible for a tax credit that lowers your monthly premium, or a reduction in certain cost-sharing if your employer does not offer coverage to you at all or does not offer coverage that meets certain standards. If the cost of a plan from your employer that would cover you (and not any other members of your family) is more than 9.5% of your household income for the year, or if the coverage your employer provides does not meet the "minimum value" standard set by the Affordable Care Act, you may be eligible for a tax credit¹.

Note: If you purchase a health plan through the Marketplace instead of accepting health coverage offered by your employer, then you may lose the employer contribution (if any) to the employer-offered coverage. Also, this employer contribution -as well as your employee contribution to employer-offered coverage- is often excluded from income for Federal and State income tax purposes. Your payments for coverage through the Marketplace are made on an after-tax basis.

How can I get more information?

For more information about your coverage offered by your employer, please check your summary plan description or contact Vicki Dalle Molle (Executive Director) at Southeastern Minnesota Center for Independent Living, Inc.

¹ An employer-sponsored health plan meets the "minimum value standard" if the plan's share of the total allowed benefit costs covered by the plan is no less than 60 percent of such costs.

The Marketplace can help you evaluate your coverage options, including your eligibility for coverage through the Marketplace and its cost. Please visit HealthCare.gov for more information, including an online application for health insurance coverage and contact information for a Health Insurance Marketplace in your area.

PART B: Information about health coverage offered by your employer

Here is some basic information about health coverage offered by this employer

As your employer, we offer a health plan to:

All eligible employees.

With respect to dependents:

- We do offer coverage. Eligible dependents, Spouse, children, foster children
- If checked, this coverage meets the minimum value standard, and the cost of this coverage to you is intended to be affordable, based on employee wages.

**Even if your employer intends your coverage to be affordable, you may still be eligible for a premium discount through the Marketplace. The Marketplace will use your household income, along with other factors, to determine whether you may be eligible for a premium discount. If, for example, your wages vary from week to week (perhaps you are an hourly employee or you work on a commission basis), if you are newly employed mid-year, or if you have other income losses, you may still qualify for a premium discount.

If you decide to shop for coverage in the Marketplace, HealthCare.gov will guide you through the process. Here's the employer information you'll enter when you visit HealthCare.gov to find out if you can get a tax credit to lower your monthly premiums.

MEDICARE PART D CREDITABLE/NON-CREDITABLE COVERAGE NOTICE

For Creditable Plans:

Important Notice from Southeastern Minnesota Center for Independent Living, Inc. about Your Prescription Drug Coverage and Medicare

Please read this notice carefully and keep it where you can find it. This notice has information about your current prescription drug coverage with Southeastern Minnesota Center for Independent Living, Inc. and about your options under Medicare's prescription drug coverage. This information can help you decide whether or not you want to join a Medicare drug plan. If you are considering joining, you should compare your current coverage, including which drugs are covered at what cost, with the coverage and costs of the plans offering Medicare prescription drug coverage in your area. Information about where you can get help to make decisions about your prescription drug coverage is at the end of this notice.

There are two important things you need to know about your current coverage and Medicare's prescription drug coverage:

1. Medicare prescription drug coverage became available in 2006 to everyone with Medicare. You can get this coverage if you join a Medicare Prescription Drug Plan or join a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.
2. Southeastern Minnesota Center for Independent Living, Inc. has determined that the prescription drug coverage offered by the Blue Cross Blue Shield plans T16008 Aware \$3000 HSA/HRA is, on average for all plan participants, expected to pay out as much as standard Medicare prescription drug coverage pays and is therefore considered Creditable Coverage. Because your existing coverage is Creditable Coverage, you can keep this coverage and not pay a higher premium (a penalty) if you later decide to join a Medicare drug plan.

When can you join a Medicare drug plan?

You can join a Medicare drug plan when you first become eligible for Medicare and each year from October 15th through December 7th.

However, if you lose your current creditable prescription drug coverage, through no fault of your own, you will also be eligible for a two (2) month Special Enrollment Period (SEP) to join a Medicare drug plan.

What happens to your current coverage if you decide to join a Medicare drug plan?

If you decide to join a Medicare drug plan, your current Southeastern Minnesota Center for Independent Living, Inc. coverage will - in most cases, enrolling in a Medicare drug plan will not affect a participant's benefits under your health plan be affected. Please ask Vicki Dalle Molle (Executive Director) for more information.

If you do decide to join a Medicare drug plan and drop your current Southeastern Minnesota Center for Independent Living, Inc. coverage, be aware that you and your dependents may not be able to get

this coverage back right away or at all. Please review the Southeastern Minnesota Center for Independent Living, Inc. health plan documents for details regarding eligibility and enrollment rights.

When will you pay a higher premium (Penalty) to join a Medicare drug plan?

You should also know that if you drop or lose your current coverage with Southeastern Minnesota Center for Independent Living, Inc. and don't join a Medicare drug plan within 63 continuous days after your current coverage ends, you may pay a higher premium (a penalty) to join a Medicare drug plan later.

If you go 63 continuous days or longer without creditable prescription drug coverage, your monthly premium may go up by at least 1% of the Medicare base beneficiary premium per month for every month that you did not have that coverage. For example, if you go nineteen months without creditable coverage, your premium may consistently be at least 19% higher than the Medicare base beneficiary premium. You may have to pay this higher premium (a penalty) as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following November to join.

Contact the person listed below for further information **NOTE:** You'll get this notice each year. You will also get it if this coverage through Southeastern Minnesota Center for Independent Living, Inc. changes. You also may request a copy of this notice at any time.

NOTICE OF RIGHTS UNDER THE WOMEN'S HEALTH AND CANCER RIGHTS ACT OF 1998

On October 21, 1998, the federal government enacted the Women's Health and Cancer Rights Act. This law requires that all group health plans that provide coverage for mastectomies must also provide coverage for breast reconstruction surgery in connection with that mastectomy. This memo is intended to provide participants and beneficiaries with notice of their rights under the Women's Health and Cancer Rights Act.

Participants and beneficiaries who receive benefits under the group health plan in connection with a mastectomy and elect breast reconstruction surgery in connection with that mastectomy are entitled to coverage for that reconstruction in a manner determined in consultation with the attending physician and the patient. Such coverage includes:

1. Reconstruction of the breast on which the mastectomy was performed
2. Surgery and reconstruction of the other breast to produce a symmetrical appearance
3. Prosthesis and physical complications at all stages of the mastectomy, including lymphedemas.

These benefits may be subject to deductibles and coinsurance limitations consistent with those established for similar benefits under the group health plan.

Please contact the Human Resources Department or the company's health insurance carrier directly for more information on your rights under the Women's Health and Cancer Rights Act.

NOTICE REGARDING GRANDFATHERED HEALTH PLAN STATUS

IMPORTANT: This notice supplements the *Summary of Benefits* that describes the benefits provided by the Southeastern Minnesota Center for Independent Living, Inc. health plan. Please keep this notice with your other written plan materials.

Blue Cross Blue Shield believes this plan or coverage is a "grandfathered health plan" under the Patient Protection and Affordable Care Act (the Affordable Care Act). As permitted by the Affordable Care Act, a grandfathered health plan can preserve certain basic health coverage that was already in effect when that law was enacted. Being a grandfathered health plan means that your plan or policy may not include certain consumer protections of the Affordable Care Act that apply to other plans, for example, the requirement for the provision of preventive health services without any cost sharing. However, grandfathered health plans must comply with certain other consumer protections in the Affordable Care Act, for example, the elimination of lifetime limits on benefits.

Questions regarding which protections apply and which protections do not apply to a grandfathered health plan and what might cause a plan to change from grandfathered health plan status can be directed to the plan administrator at You may also contact the Employee Benefits Security Administration, U.S. Department of Labor at 1-866-444-3272 or www.dol.gov/ebsa/healthreform. This website has a table summarizing which protections do and do not apply to grandfathered health plans. For individual market policies and nonfederal governmental plans, insert: You may also contact the U.S. Department of Health and Human Services at www.healthreform.gov.

This document is intended to provide some of the notice and disclosure requirements for health and welfare plans required by the Employee Retirement Income Security Act (ERISA) and other laws. This document does not address the specific components required for Summary Plan Descriptions. It is important to recognize that no single document can provide an all-inclusive compliance checklist for welfare plans. Moreover, it should be understood that welfare plans are governed by multiple state and federal laws. Rules and regulations are subject to change at any time, which means the information contained in this document may not be current. Moreover, because multiple laws regulate welfare plans and these laws sometimes conflict, this area of the law is often complicated, requiring the advice and in-depth analysis of an expert. For that reason, you should not rely solely upon this summary nor consider this document an exhaustive list of all compliance requirements under ERISA or any other law. It is important to seek the advice of an experienced benefits attorney or consultant for specific questions concerning your welfare plan and plan sponsor obligations.
